

Description

The PJ78MxxSQ series of three-terminal positive regulators are available in SOT-89 package. Each type employs internal current limiting, thermal shut-down and safe area protection, making it essentially indestructible. If adequate heat sinking is provided, it can deliver over 0.35A output current. Although designed as fixed voltage regulator, This device can be used with external components to obtain adjustable voltage and currents.

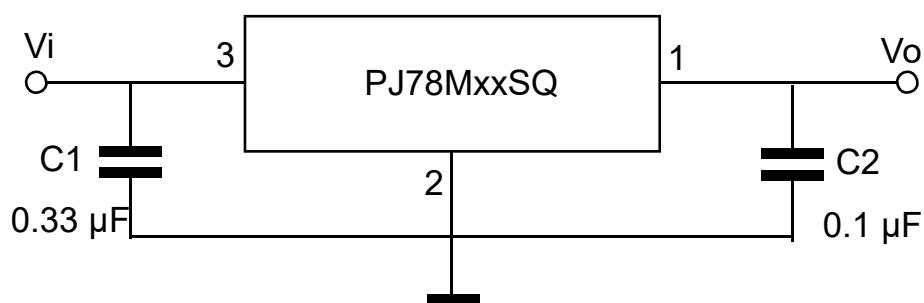

Features

- Input voltage: up to 35V
- Output voltage: 5V, 6V, 8V, 9V, 10V, 12V, 15V, 18V, 24V
- Output current up to 350 mA
- Thermal overload protection
- Short circuit current limiting

Applications

- DC motor drivers
- Household electric appliances
- Industrial power supplies
- Test and measurement equipment

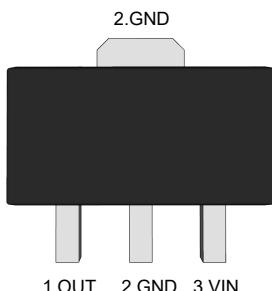

Typical Application Circuit

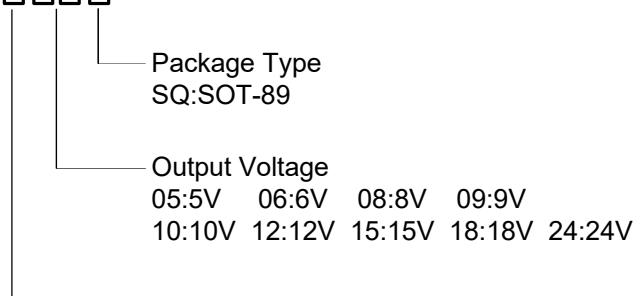

Pin Distribution

SOT-89

Note:

RoHS: PJ defines "RoHS" to mean semiconductor products that are compliant with the current EU RoHS requirements for all 10 RoHS substances, including the requirement that RoHS substance do not exceed 0.1% by weight in homogeneous materials.

Green: PJ defines "Green" to mean Halogen-Free and Antimony-Free.

SOT-89

Dimensions in mm

Conditions of Soldering and Storage

◆ Recommended condition of Reflow Soldering(Pb-Free Solder)

Recommended peak temperature is over 245°C. If peak temperature is below 245°C, you may adjust the following parameters:

- Time length of peak temperature (longer)
- Time length of soldering (longer)
- Thickness of solder paste (thicker)

Note1 :

Maximum thermal excursion allowed during the reflow assembly is as follow:

- Temperature: 255°C~260°C
- Duration at peak soak : 30 seconds
- Number of reflow: 3
- **Conditions of hand soldering** Note2
- Temperature: 320±10°C
- Time: 3s max.
- Times: one time

Note2: Not recommended for mass production, an engineering project, or re-work, it is allowed. It should be used with caution

- **Storage conditions**

- **Temperature**

5 to 30°C

- **Humidity**

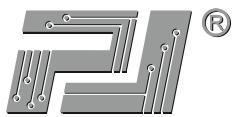

≤ 60% RH

- **Floor Life**

168 Hours

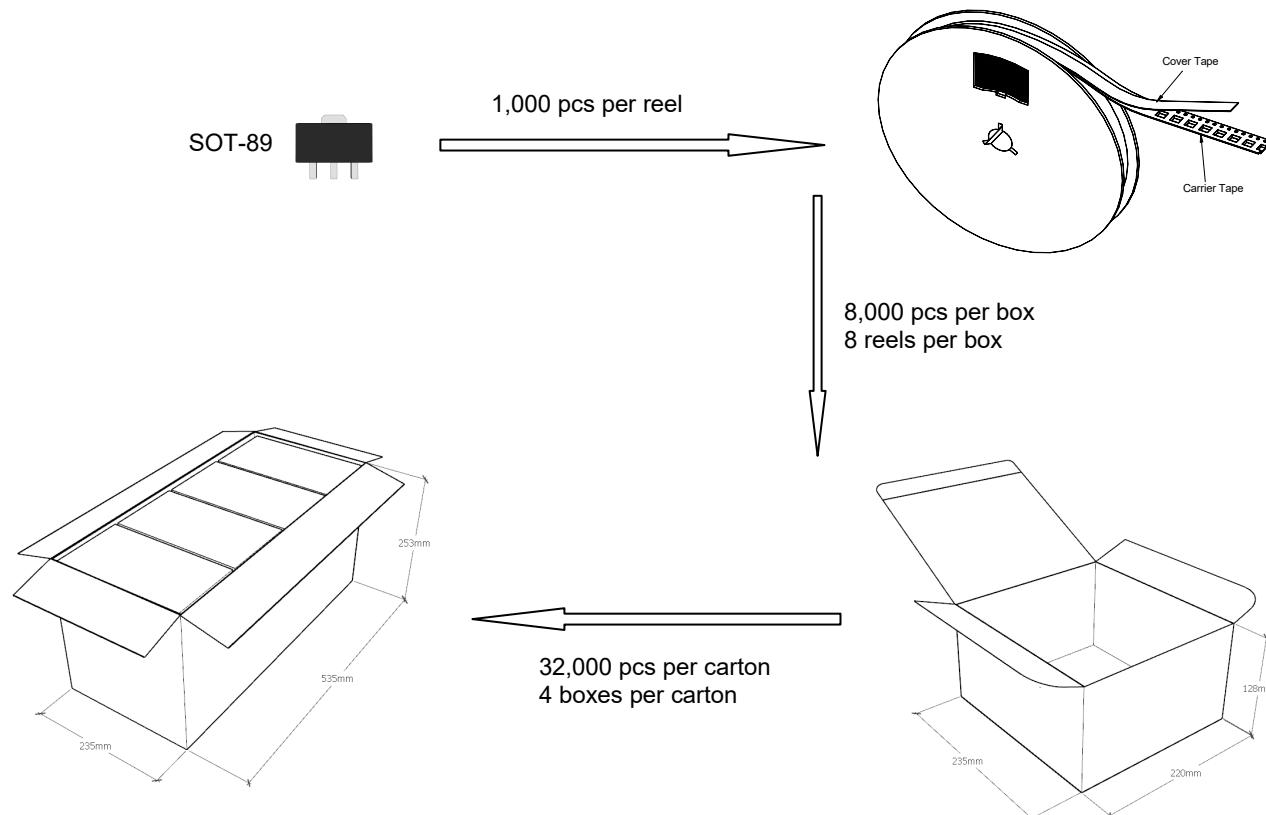

- **Recommended period**

Five year after manufacturing(Depends on storage conditions)
